

Hospice Calgary has been guiding children, teens, and adults through the grieving process as they face advanced illness and death of a loved one for over 30 years. Our team of professionals provide individual, family and group support as well as 24-hour end-of-life care. We promise to have the difficult conversations about death, dying, and grief while hearing everyone's unique story and responding with compassion.

Our Workplace

Hospice Calgary believes people are the key to what we do. Each person is seen, welcomed, and recognized for who they are so that they can be their best selves.

Our Mission

To help families and individuals achieve support, hope, and well-being through the provision of compassionate support and exceptional care during advanced illness, end-of-life, and grief.

Applications will be accepted until suitable candidates are found. Only qualified applicants will be contacted.

Submit resume and cover letter with attention to Fiona McColl, Executive Director hiring@hospicecalgary.ca

AUTHENTICITY • RESPONSIVENESS

Join Our Leadership Team!

Director, Living with Advanced Illness Centre - Hospice Calgary – Permanent, 0.8 FTE

Overview:

The Living with Advanced Illness Centre (LAIC) is one of Hospice Calgary's three centres of care. The LAIC team provides community-based counselling and support to those faced with advanced illness and grief. As demographics in Alberta change and the population ages, there is a greater need to support people with advanced illness live life to the fullest in their homes and community for as long as they are able.

We are seeking a Clinical Social Work leader to lead this important community program.

The Ideal Candidate:

Is Passionate About Community-Based Mental Health Care - They understand emotional support is just as vital as physical care when dealing with advanced illness. Is an integral part of continuing to build growth while helping to make a real difference in people's lives.

Is an Experienced Clinician – With extensive experience (minimum 5 years) providing supervision and training as well as providing assessment, intervention, and support to front-line practitioners. Has knowledge to access, implement, and evaluate a wide range of clinical care interventions to ensure the delivery of safe, ethical, and quality care. Is a critical thinker that enjoys leading through challenges.

Is a Collaborator – Networking and cross functional team building excites you. Building trusting, respectful, and collaborative relationships inside and outside of the organization energizes you. You are an exceptional communicator who thrives within a consensus decision making model. You support your team, bringing energy, empathy, and enthusiasm to everything they do.

Qualifications & Competencies:

- Master's Degree in Social Work, Psychology, or Counselling with registration from professional college/association is required.
- Minimum of 5 years' experience working in a health care setting in a clinical or management capacity is required. Preference for clinical experience and knowledge of advanced illnesses, end-of-life, grief, and trauma informed care.
- Experience in, and an understanding of Alberta's health care system and community services.
